Unsilent Night is an outdoor, immersive music event for an infinite number of boomboxes. It's like Christmas caroling, but with boomboxes, each playing a separate part of the overall composition: in effect, a roving, city-block-long stereo system! Come to listen to this beautiful and unusual, modern composition **WHILE** taking a leisurely walk through our lovely, much overlooked downtown **AND/OR** participate in the performance by simply bringing your own boombox to play (we will supply the tape/cd). Participation is **FREE** and **OPEN TO ALL** (NO musical proficiency required). A reception **WITH** Unsilent Night composer Phil Kline will follow at the **Rialto Center**.

Bent Frequency **NEEDS** you (and your boombox- if you have one) to make Unsilent Night work. If you can bring your own portable boombox, please contact us to **let us know** if you can play a **TAPE OR CD**.
